

5 Material Things Everyone Wants In Life

Description

1. A house – easily the biggest flex of them all.
2. A car – if you don't live in a major city.
3. Nice clothing or jewelry – dresses/suits, jackets, shirts, watches, necklaces, earrings. You spend most of the day in your clothes, so make them nice!
4. Food – everyone has to eat, why not eat well?
5. Toys – this could be winter sports equipment, video games, a nice phone, guitars, books, planes, or more depending on your personality.

Generally people are trying to use these material things listed above to fill a deeper need. They could be seeking social attention/status, connection, security, variety, or something else. Learn more about what people really want deep down [here](#).

Check out the shocking movie/book [Fight Club](#) if you think material things are what you should always focus on for happiness.
